

How To Use This Catalog

This catalog lists videotapes available from the DS Audio/Visual Distribution Center. Titles are arranged alphabetically in categories. The category headings are followed by keywords which appear in the titles of videos included in that particular category.

Individual entries include title, a brief description, running time in minutes, and classification if any. The term "raw footage" appears in the description of some tapes and refers to unedited footage that may not be organized.

All titles listed are available in VHS, 3/4" Umatic and Beta formats. Requests to borrow tapes should be addressed to:

DS/RM/SA
A/V Distribution Center
3rd Floor, SA-10

The number of copies is limited, some delay in filling your order may result. Returning tapes promptly, within 30 days of receipt, will result in better service for all.

Please note! Duplication of some videotapes is restricted by copyright law. This will be noted on the videotape label.

Contents

- 1 Bombs**
Package, Letter, Incendiary, Explosives, Recognition, Concealment, Handling, Evacuation Plan, Disarming, Deactivating, Shields
- 3 General**
Management, Military, Diplomacy, Documentary, DS Briefings, Performance Appraisal, Fire, Diplomatic Immunity
- 7 Health and Physical Fitness**
Exercise, Human Body, Alcoholism, Medical Issues, Drugs
- 9 Hostage and Kidnapping Incidents**
Coping, Surviving, Defense, Psychological Techniques, Pressures, Vehicular Attacks and Countermeasures, Negotiations, Imprisonment
- 11 Hostile Intelligence**
Agents, Espionage, Technical Devices, KGB, Telecommunications, Collection, Entrapment, Espionage Laws, Surveillance, Recruitment, Counterintelligence, Defectors, Analysis, Acoust' and Electronic Devices
- 15 Information Security**
Classified Materials, Disposal, Access, Clearance, Need-to-Know, Computer Hackers, Locks, Home, Office, Emergency Destruction, Intrusions, Technical Penetration, Security Awareness, Media, Telephones

Continued on next page

17 Law Enforcement

Evidence, Firearms, False Identification, Intruders, Handcuffs, Tear Gas, Rights, Barricades, Searches, Arrests, Passports, Investigation, Management, Interviews, Interrogation, Confessions, Counterfeiting, Crime Scenes, Search Warrants, Forcible Entry, Scams, Patrols, Rapists, Use of Force, Detention, Defenses, Legal Liabilities

23 Personal Security

Self-Protection, Burglary, Car Theft, Assault, Public Transportation, Airports, Personal Information, Self-Defense, Doors, Windows, Nuisance Phone Calls, Rackets, Rape, Fraud, Fire, Street Crime, Travelers, Family, Children

25 Physical Security

Alarms, Document Destruction, Closed Circuit Television, Public Access Controls, Perimeter Gates, Vehicle Barriers, Metal Detectors, Ballistic Doors and Windows, Locks, Embassy Building, Computers, Foam, Surveillance, X-rays

27 Protective Security

Dignitary Protection, Assassins, Driving Techniques

29 Residential Security

Home, Property, Apartments, Assessment, Safehavens, Commercial

31 Terrorism

Assassinations, Countering Terrorism, Patterns, Politics, Corporate, Protection Against, Aftermath, Training of Terrorists, Weapons

35 Alphabetical Listing

Bombs

Bomb Concussion Tests

USIA Security conducts tests to determine the effectiveness of bomb blast curtains, lexon, plastic-coated windows, and other related materials in controlled experiments. Time: 9 mins.

Bomb Handling Systems

Produced by Protective Devices Corp. (PDC), the film demonstrates the effectiveness of equipment manufactured by PDC. Film features a dramatization of a bomb squad in action and shows field demonstrations of bomb shields, baskets, and a lab installation of vehicle armoring equipment. Time: 12 mins.

Bomb Threat! Plan, Don't Panic

How to implement an effective bomb threat reaction plan. Covers handling phone threats, setting a plan in motion, calling police, employing search crews and executing a safe, orderly evacuation. Time: 14 mins.

Bomb Threat: Ready or Not

Demonstrates procedures for organizations faced with the threat of illegal explosives inside office buildings. Includes detailed information on proper

preparations for receiving a telephone threat, evacuating a building, handling equipment and coordinating a bomb search and disarming procedure. Time: 18 mins.

Bombs 1-2-3

Plot involves a deranged extortionist (Mickey Rooney) who plants a powerful suitcase bomb in a hospital patient's room. Defines explosives, bomb phases and initiation, as well as describes bomb deactivation and disposal. Also available in Spanish. Time: 60 mins. Classification: LOU

Explosive Ordnance Disposal (EOD) Equipment

Bomb handling equipment and safety procedures. Time: 20 mins.

Explosive Training for Special Agents

Agents perform explosive tests on vehicles. Time: 5 mins.

FAA Improvised Explosive Device

Bomb tests (May 1982). Compares various types of window glass and bomb curtains. Time: 5 mins.

First Line of Defense

This video produced by the DS Training Center is designed to train gate guards posted at overseas missions on effective vehicle bomb search techniques. These comprehensive gate search procedures prevented a vehicle from driving into a chancery garage with a bomb in the trunk. Time: 17 mins.

IEDs—Recognition and Precautions

Specialist Frank Skinner discusses various types of improvised explosive devices (IEDs), including how to recognize them and what actions to take when one is discovered. Time: 14 mins.

Lift (1984)

A shaped-charge vehicle bomb test at Quantico Marine Base, VA, November 1983. Time: 44 mins.

Planning for Bomb Threats

Slide/tape presentation covers nature of bomb threats, search and evacuation procedures, bomb threat communications, and bomb recognition and handling. Time: 16 mins.

Postmark: Terror

Presents examples of letter bombs, procedures following the discovery of a suspicious package, and examples of a letter bomb's destructive force. Shows recognition signs such as excess postage, misspelled words or lack of return address. Also presents countermeasures program. Available also in French and Arabic. Time: 14 mins.

Responding to Bomb Threat Calls

Designed to train law enforcement officers on proper techniques for responding to bomb threats. Film production discusses ways to properly evacuate and search a building, as well as how to handle bombs following discovery. Time: 10 mins.

Threat: Car Bomb

Illustrates types of incendiary and explosive devices; shows concealment of the devices; emphasizes destructive potential of various explosives. Provides tips on reducing vulnerabilities, and conducting basic visual inspection. Time: 20 mins.

Vehicle Bomb Search

Produced by the DS Training Center in 1987, demonstrates the telltale signs of improvised explosive devices (IEDs) hidden in a vehicle. An experienced specialist guides the viewer through vehicle search procedures designed to uncover suspicious devices. Time: 11 mins.

Vehicle Under Attack

Demonstrates how to survive when a police vehicle is fire bombed. Testimonials show dangers from such attacks and damage that can be sustained without being life threatening. Molotov cocktail attack on police vehicle is reenacted. Time: 15 mins.

General

American Military Strength, Second to None?

Inquiry into national security and military preparedness. ABC television production, hosted by Ted Koppel, closely examines U.S. atomic and conventional weaponry compared to our adversaries. Time: 51 mins.

Assembling the Secure Voice Conference Center

A practical, how-to videotape on the proper transport, installation, and assembly of the Secure Voice Conference Center. Specific assembly instructions along with pointers on how to avoid and correct various problems involved in assembly are included. Time: 27 mins.

Classification: LOU

Building Knowledge, Service, and Professionalism

DS Training Center production shows a variety of training and professional development programs offered to Foreign Service professionals, DS personnel, host country agencies, and all Americans living and working abroad. This multimedia production was completed in 1987. Time: 17 mins.

Courier Procedures

Series of five video training vignettes by the DS Training Center designed to increase courier professionalism and awareness, as well as reduce judgment errors and risks associated with the secure shipment of classified information. Time: 7 mins.

Courier Trip Debriefing

Videotape produced in 1988 by the DS Training Center portrays a courier/supervisor trip debriefing. Video is designed to encourage couriers to present important trip information in concise, direct, and meaningful terms. Time: 19 mins.

Crisis Management Drills

Recorded crisis management drills run in February 1988 at the Vietnamese Embassy in Washington involving DS Training Center and other DS personnel. Provided practice in dealing with various crises that can arise in an embassy, including demonstrations, bomb threats, bomb searches and detonation, terrorist invasion, hostage negotiation, and handling media and dependents. Time: 25 mins.

Dictators—Napoleon to Now

Gives reasons for dictating communications and pointers on how to go about it including: 1) set the scene, 2) organize material, and 3) organize thoughts.

Time: 11 mins.

Diplomacy at Work: Protecting America's Stake . . .

Produced for the Department of State, this depicts the many ways the Department is involved in ensuring that the United States remains a major diplomatic presence throughout the world.

Time: 12 mins.

Diplomatic Couriers

Recruitment-oriented video tape on the trials and rewards of being a Diplomatic Courier for the Department of State.

Time: 5 mins.

Diplomatic Immunity

Larry Dunham lectures on the various types of diplomatic immunity and how they relate to work situations with diplomats. Time: 23 mins.

DS Special Agent Training

Highlights the rigors of the Special Agent training course in Glynco, GA.

Time: 6 mins.

Everyone's a Negotiator

Herb Cohen on negotiation, two parts, 33 and 38 minutes each. An excellent public speaker, Cohen covers all aspects of power, flow of information and organizational pressures associated with

negotiations. Techniques are helpful to personal effectiveness in work and life.

Time: 71 mins.

Fire

Fire prevention and awareness of fire hazards are an essential part of the security officer's job. Walk through fire-hazard searches show what to look for, how to spot and eliminate dangerous materials, and how to use fire extinguishers. Time: 17 mins.

Fire at the MGM Grand Hotel

Shows this tragic event and ways it could have been avoided.

Time: 15 mins.

Firearms, Preventative Maintenance and Care

Cleaning and caring for DS firearms is demonstrated, the Model 19 S&W. 357 Magnum revolver, Model 870 Remington shotgun, and the UZI submachine gun. Also discusses storage of the weapons and their ammunition.

Time: 26 mins.

Incendio!

Footage of a tragic fire that raged through a highrise office building in Sao Paulo, Brazil, in 1973. Shows the importance of compliance to local standards and fire prevention codes.

Time: 14 mins.

Islam

From the PBS series "Smithsonian World," this program focuses on the culture of the Near East through its art,

religion, science, and geography. By examining conflict and controversy in the world of Islam, the program attempts to explain the Islamic attitude toward the West. Time: 58 mins.

Journey to Russia

PBS documentary about the Soviet Union (1983). Time: 60 mins.

Living Like a Courier

Armed Forces Network interview with courier Bob LaPlante who discusses countries he has visited, his hobbies, and his life as a courier. Time: 7 mins.

Performance Management System

For GS and prevailing rate-employees, this 1987 seminar details the State Department performance appraisal process including theories, principles, and concepts of performance management. Time: 44 mins.

Personal Interview

Example of a personal interview of an agent candidate. Time: 40 mins.

Persuasive Negotiation

Discussion by Herb Cohen on negotiation, including the use of information and power to affect behavior. Focuses on the collaborative win-win style of negotiations. Time: 60 mins.

Privileges and Immunities Abroad

William McQuade of the Foreign Service Institute teaches an introductory

seminar on the basic principles of diplomatic and consular immunity for Foreign Service officers. Also covers personal privileges (protections) extended to diplomats. Time: 51 mins.

Protecting Americans Everywhere . . . Proudly . . .

This multimedia presentation highlights the range of services and programs DS provides domestically and overseas. Produced by the DS Training Center in 1987, it outlines the history of DS and DS efforts to provide a secure environment for the conduct of American diplomacy. Time: 17 mins. [An expanded version of this video runs 27 minutes.]

Responding to the Threat, Diplomatic Security

Thorough look at the Bureau of Diplomatic Security's programs and responsibilities. Also explains how and why the Bureau was created. Can be used as an orientation video to explain what the Bureau does. Time: 22 mins.

Resisting Enemy Interrogation

World War II training film that illustrates how a trained interrogator can obtain vital, classified information from individuals who don't plan to give it. Starting with unclassified information from a newspaper, the interrogator plays one individual against another and uses both elicitation and hostile interrogation techniques until he obtains information that leads German fighters to a devastating interception of American bombers. Time: 62 mins.

Role of a Director

National Telephone Cooperative Association film on the role of a director. Time: 30 mins.

Speaking Effectively to One or One Thousand

Speaker discusses normal stage fright-type reactions to public speaking situations, and how to become as effective in front of an audience as you are one-on-one. Time: 22 mins.

The Final Factor—Safe Driver

Teaches safe driving by preparing the average driver to react correctly when confronted with a potentially hazardous situation on the highway. Time: 14 mins

The Marines at Chad

A DS multimedia production designed to promote esprit-de-corps for security personnel here and abroad. The presentation focuses on the high spirits of Marine security guards at Embassy Chad despite hardships that accompany assignment to a remote post in Central Africa. A 1988 production. Time: 2 mins.

The President's Trip

ABC Nightline News Program on the presidential advance for the European Economic Summit on June 1, 1982. The broadcast discusses the complex arrangements necessary for President Reagan's itinerary and accompanying media coverage. Time: 19 mins.

Visa Fraud (Garrisi)

A joint effort between DS and Consular Affairs, this video stars a former immigration attorney who explains how he beat the State Department's visa-issuing system. Attorney Garrisi reenacts his tactics in several amusing scenarios (produced in 1989). Time: 26 mins.

What Can We Do Together

An address by Henry Kissinger to employees of the Department (September 1973). Time: 13 mins.

Why America Burns

Covers fire, flash over, toxic products, fire test data, causes of fire, codes developed by the National Fire Protection Association and continuing research. Fires are staged to demonstrate their various stages. Time: 56 mins.

Health and Physical Fitness

AIDS: New Facts, No Fiction

This program from the DOS Medical Division relates the most recent (1989) information concerning this disease, testing and treatment, and examines the concerns of U.S. Government personnel abroad where the disease is endemic. Drs. Gottlieb and Krim of AMFAR, Quinn of NIH and Silva of UC at Davis speak. Time: 30 mins.

Coping With Life on the Run

Encourages the development of a fitness program centered around running to counteract the stress and pressures of work. Promotes healthy, productive careers and long life through jogging. Time: 27 mins.

Five Minutes for Survival

Emergency medical treatment shown for medical situations police and fire personnel may have to face. These include shootings, stabbings, bombings, and electrocutions. Deals with procedures, communications, and transportation—points out the critical symptoms and the importance of being able to recognize them. Time 20 mins.

Health and Lifestyle

This 1980 production shows how staying in shape and making exercise part of one's lifestyle will contribute to overall health. Film discusses how a positive approach to health increases overall physical well-being and reduces the threat of disease. Time: 31 mins.

Man, the Incredible Machine

National Geographic program shows how a most complex machine functions. A close look at the human body reveals man's evolutionary heritage including the inner workings of the senses, the respiratory and skeletal systems, and the brain. Time: 31 mins.

Physical Fitness Training Program

Law enforcement officers maintain physical conditioning at a level similar to that of the general public. This recent video magazine shows the principles of a physical fitness program for law enforcement personnel. Proposes a plan the average person can follow. Time: 25 mins.

Silent Killer, a Call to Fitness

Highlights central features of a physical fitness program that can improve on-the-job performance and reduce the risk of heart disease. Illustrates use of in-service training and community resources. Time: 20 mins.

Something of the Danger That Exists

Recent State Department production features a panel that addresses facets of the disease of alcoholism and addictions

to sedative drugs and tranquilizers. The television production outlines and explains the definitions, reasons, and treatments for alcohol and drug abuse. Time: 58 mins.

Taking It in Stride

1981 film on physical fitness focuses on exercise including walking and running to reduce stress related illnesses that range from frequent colds to heart disease. Time: 22 mins.

Hostage and Kidnapping Incidents

AID Employee Kidnapping and Coping With Hijacking

Taped overview of discussion on hostage survival. Claude Watkins, long-time lecturer and World War II POW, lectures on rules and techniques for victims to follow during period they are held hostage. Watkins discusses in lengthly detail survival techniques used successfully by hostages.

Time: 52 mins.

AID Traveler—Surviving Hostage Incidents

Rules and procedures for surviving kidnapping or hostage incidents. Briefing by hostage survival consultant, begins with moment individual becomes a victim and discusses techniques for coping with hijacking and kidnapping incidents. Time: 52 mins.

Corporate Terrorism

Presentation on corporate terrorism from a 1978 CBS "60 Minutes" program. Shows importance American corporations attached to dealing with the problem of executive kidnapping. Includes training for executives and recounts prominent terrorist kidnappings of the '70s. Time 19 mins.

Countering Vehicle Kidnapping

Explains attempts and methods used by kidnappers including the moving cut-off and stationary road block. Points out aggressive measures to counter a vehicular attack. Also discusses two Latin American kidnapping cases.

Time: 24 mins.

DEA Agent Kidnapping

ABC "20/20" broadcast on the extreme danger posed to Federal agents by drug smugglers. Program focuses on the abduction of a DEA agent by police in Guadalajara. Time: 46 mins.

Drive for Your Life

Covers common operating procedures employed by terrorists and how to defend against them. Shows roadblock avoidance, how to perform a bootleg, "J," and "Y" turns as well as skid control. Time: 18 mins.

General Dynamics—Barczak Interview

Interview with the General Dynamics employee who was held hostage on TWA Flight 847 in 1985. Time: 32 mins.

HOSTAGE AND KIDNAPPING INCIDENTS

Hostage Cop

From CBS' "60 Minutes," shows New York City Police Department's hostage negotiation team and how it uses patience and reason to safely resolve volatile hostage situations. (Mid-'70s broadcast.) Time: 11 mins.

Hostage Negotiations

Three-part training film series. Part 1: Practical Procedures; Part 2: Negotiating Techniques; Part 3: Response to Non-Negotiable Hostage Situations. Time: 66 mins.

Hostage Survival—Risk of Capture

Three dramatizations on the capture of agents and diplomats in foreign countries and the problems of survival. Time: 55 mins.

Hostage—Iran Situation

ABC News of January 30, 1978, examines impact of terrorism and taking innocent hostages as a political terrorist act. Discusses the PLO and South Moluccan terrorist movements and the "Stockholm Syndrome" (1978). Time: 60 mins.

Iranian Hostage Episode

PBS report on hostage crisis. Time: 60 mins.

Kidnap—Executive Style

Demonstrates the need to protect executives from kidnapping. Shows kidnappings—including abduction for ransom, abduction by a psychopath, and

abduction by revolutionaries.

Time: 25 mins.

Managing Hostage Incidents

Discusses terrorist incidents that involve the capture of hostages and the psychological techniques used in attempting to manage hostage situations.

Time: 24 mins.

Niehous

William Niehous and his family are interviewed in Venezuela (July 1979). Two-part interview. Time: 93 mins.

North Vietnamese Interrogation of USAF Officers

Interviews with officers about their interrogation by the North Vietnamese, including interrogation methods, procedures, and psychological pressures. Time: 41 mins.

Surviving Hostage Situations

A reenactment of a terrorist kidnapping of a corporate executive who offers his thoughts on how and why he survived and how he might better have prepared himself. Time: 27 mins.

Surviving Terrorist Kidnapping

U.S. Air Force film shows how to survive hostage situations. Time: 15 mins.

POW Solitary Confinement Experiences

Former POWs are interviewed about specific experiences of USAF personnel imprisoned during the Southeast Asian conflict. Time: 32 mins.

Hostile Intelligence

A Puzzle for Collectors

Produced by NATO Office of Security, bits of information, classified and unclassified, are collected by hostile elements to construct the total "puzzle." Time: 30 mins.

Any One of Us

British-made film illustrates how an individual with a poor security attitude is trapped into committing espionage through sexual blackmail and how improper security practices contributed to increasing his access. Though somewhat dated, recruitment methods are still relevant. Time: 55 mins.

Eastern Approaches

Produced by the Royal Navy, demonstrates how foreign powers recruit spies and how loyal Americans become entrapped in espionage schemes. Stresses danger signals to watch for in dealing with Eastern bloc nationals. Time: 49 mins.

Espionage—It Really Does Happen

Account of the Boyce-Lee case produced by Lockheed Missiles and Space Co. (1978). Time: 26 mins.

Espionage and the Law

Produced for DIA, explains the provisions of the Espionage Act and covers ways that poor security practices can compromise our national defense. Time: 5 mins.

Espionage Target: U.S. Army

Hollywood-style dramatic film characterizes the many variations of surveillance, recruitment, and sexual ploys that our adversaries use to extract valuable information from U.S. Army personnel. Time: 35 mins.

Ever Present Threat, The

A counterintelligence training tape that uses case histories of State Department employees who were targeted for recruitment by the KGB. Features an introduction by author Tom Clancy (1988). Time: 17 mins.

Foreign Intelligence Threat

Illustrates the hostile intelligence recruitment cycle and shows how these services attempt to obtain sensitive information from Foreign Service personnel. Produced in 1987, the presentation includes dramatized examples. Time: 30 mins.
Classification: LOU

I Shouldn't Be Telling You This, But . . .

Excellent recent production about business espionage that dramatizes negligent security practices investigated by a Lt. Colombo-type private eye who uncovers proprietary information leaks and spying. Time: 22 mins.

Intelligence—the Invisible War

ABC TV documentary highlighting extent of foreign intelligence activity within the U.S., covering the common methods of collection, both human and technical (1979). Time: 25 mins.

KGB Connections—Operations

Canadian TV special that dealt with the KGB. Focuses on KGB operations in North America; history of KGB, use of embassies to intercept communications, use of U.N. as an espionage base, use of Cuban intelligence, and Soviet "disinformation" activities (1981).

Time: 53 mins.

KGB Connections—Recruiting

From a Canadian TV special. Focuses on KGB operations that concentrate on people and includes history of KGB, recruiting for espionage purposes and Soviet use of illegal agents (1981).

Time: 34 mins.

KGB—the Threat Told By a Defector

Soviet defector discusses the KGB's mission and function and how this relentless intelligence organization targets all State Department, NSA, FBI, military Intelligence, and CIA personnel

for information-gathering efforts.

Time: 12 mins.

Operation Red Fox

A 1983 DoD docu-drama on the illegal acquisition of U.S. classified information and high technology by the Soviet KGB, through targeting of a defense contractor and the supplier of sophisticated microelectronic production equipment.

Time: 27 mins.

So Easy To Forget

Fiction based on actual DIA cases, underscores consequence of forgetfulness about security matters.

Time: 15 mins.

Something of Value

Interesting animated film produced by NATO portrays hostile intelligence efforts to collect bits of information to destroy "something of value" (referred to as Western culture, generally, and America, specifically). Time: 9 mins.

Spies of Washington

Produced for DIA by WRC-TV (Washington) depicts the alarming extent of foreign intelligence activities in the U.S. (1977). Time: 12 mins.

Spy Machines

PBS Nova television production (October 1987) gives a comprehensive history of intelligence-gathering equipment ranging from early decoders used before Pearl Harbor up to photography of Soviet missile silos taken from aircraft at 80,000 feet. Time: 52 mins.

Spy War

1979 BBC presentation on Soviet espionage exposes a Russian diplomat's mysterious death in Switzerland, espionage at the highest U.N. levels, a secret FBI video tape of trapped spies and Russia's highest-ranking defector talking for the first time.

Time: 48 mins.

Tempest, Diagnosis, and Treatment

Shows how acoustic and electronic emissions can be acquired by hostile intelligence gathering units.

Time: 15 mins.

Classification: Confidential

Waiting Man

NAVA Video Production offers an informative and realistic drama complete with telephone tapping, financial problems, social interaction, and romantic involvement. The video also offers valuable information on how to detect a potential intelligence operation.

Time: 43 mins.

You Can Hardly Tell It From Real

U.S. Army audio/visual production dramatizes a young DIA employee's espionage entrapment which began through a romantic involvement used to secure classified information from the DIA library. Time: 25 mins.

Information Security

Burn Barrel

Procedures for proper disposal of classified materials. Marine detachment sets up and burns material in a "burn barrel." Time: 6 mins.

Cloak and Data

Dramatic film on computer security. While it focuses on dangers to a company that has poor computer security, the general lessons apply to any computer installation with information that must be protected. Time: 24 mins.

Combination Lock Series

Tape includes discussion of general operation and combination lock changing procedures for the Sargent and Greenleaf 8400 and 8500 series combination locks and for the 8088 and 8077 series padlocks. Program also examines recommended maintenance for these locks. Time: 31 mins.

Classification: LOU

Computer Security

Short briefing on computer security in the Department of State. Time: 6 mins.

Confidentially Speaking (Domestic Version)

Actor Greg Morris discusses security vulnerabilities of telephone communication used by Government employees. Shows equipment used for telecommunications as well as for communications interception. Follows a telephone call through the telecommunication system. Time: 14 mins.

Damage Report

Stresses dangers of hostile technical device implants in the homes and working areas of overseas U.S. personnel who have access to sensitive information. Time: 40 mins.
Classification: Confidential

Electronic Delinquents

From ABC's "20/20," depicts the activities of computer hackers and their mischief and crimes. Time: 12 mins.

Emergency Destruction Devices and Techniques

Demonstrates methods and devices used to destroy classified information in embassy complexes, especially during

INFORMATION SECURITY

emergency evacuations. Time: 31 mins.
Classification: Confidential

Information Security Briefing (Formerly E.O. 12356)

This narrated slide show (transferred to video) is a basic course in handling and securing classified information correctly. Presented in three segments: National Security information, marking, and safeguarding. Time: 46 mins.

Intrusion Conspiracy

Portrays several intrusions into average office buildings. Attempts to instill security consciousness in individuals so that they will become suspicious of strangers, especially those without identification. Time: 20 mins.

Lorton Prison Incident

WTTG Metromedia News Washington report on Top Secret State Department papers found at Lorton Reformatory. Two tapes. Time: 62 mins.

Low Treason

Historical Foreign Service production from 1956 points out that human error negates thoughtful security efforts and that security plays an integral part of working life. Time: 22 mins.

No Private Lines

Produced by the NSA Office of Security, this video program discusses the technical penetration threat and the potential compromise of our national security information. Time: 10 mins.
Classification: Secret

Security Awareness

U.S. Navy film shows procedures to secure information. Time: 25 mins.

Security for Clerical Personnel

Briefing on office security procedures and preparation of classified documents (1979). Time: 30 mins.

Security Orientation for Senior Officials

Director of Central Intelligence Security Committee executive briefing for personnel. Reviews protection of classified information with emphasis on SCI. Includes need-to-know, document control, physical protection, telephone security, and dealing with media. Time: 13 mins.

Telephone Security

Security awareness film produced by the U.S. Navy. A "ghost" of a foreign intelligence agent shows how easily information can be gathered from people who do not practice telephone security procedures. Time: 25 mins.

Law Enforcement

AIDS Symposium

Discussion of how law enforcement personnel should interact and react to a suspect believed to have AIDS. Also, various questions are answered by medical authorities concerning the disease. Time: 27 mins.

Auto Accident Scene Management, Parts I and II

A two-part program designed for law enforcement officers showing proper procedures for vehicle accident scene management and investigation. Time: 56 mins.

Barricaded Armed Suspect

How to protect yourself when firearms are used (1976). Time: 20 mins.

Chimel: Search Incident to Arrest

Interprets the U.S. Supreme Court decision in the case of Chimel vs California that has been tested in the courts for several years. Outlines a few well established exceptions and examines what may and may not be permitted in cases of search incident to arrest (1974). Time: 18 mins.

Cognitive Interview, Parts I and II

Two part program on how law enforcement officers can get accurate and complete information during an interview or interrogation. Part I concentrates on interview techniques for eyewitnesses. Part II focuses on interrogation and control methods for uncooperative and violent subjects. Time: 51 mins.

Confessions I: Miranda Warnings

Discusses proper interrogation procedures concerning a suspect's 5th amendment rights. Part I of III on questioning a suspect. Takes into account the suspect's right to remain silent and right to have legal counsel when incriminated. Time: 37 mins.

Confessions II: Waiver of Rights

Part II of III covers questioning of suspects and waivers invoking the privilege against self incrimination, with special attention to juveniles (1974). Time: 29 mins.

Confessions III: Voluntary Confessions

Part III of III. Covers scope and effect of voluntary confessions. Shows how confessions can easily be lost by the officer because of strict limitations (1974). Time: 17 mins.

Consent to Search

Designed for law enforcement personnel, shows proper procedures with regard to consent to search laws. Examines search warrant requirements and exceptions when warrants are not required. Time: 80 mins.

Contact and Cover

Analysis of night time shooting incident in San Diego where two police officers were slain. Includes analysis of errors made. Time: 26 mins.

Counterfeiting and Forgery, the \$\$\$ Rip Off

Examines counterfeiting and forgery and explains methods of detection and prevention. Time: 23 mins.

Crime Scene Preservation

Shows law enforcement personnel how to preserve evidence at a crime scene. Emphasizes how officers arriving first on a scene can make or break an investigation by following or failing to follow procedures to preserve important evidence. Time: 23 mins.

Deadly Force Decisions

Twelve short scenarios designed to test an officer's reaction to possible life

threatening situations. Tests an officer's judgment to shoot or not. Alertness and tactical discipline stressed throughout the tape. Time: 31 mins.

Disarming Techniques

This taped slide show with narration shows way to disarm an assailant armed with a handgun. It also shows ways to regain your handgun once an assailant has taken it. Time: 17 mins.

Drawn Gun

How to ward off an assailant's attempts to take an officer's handgun. In this taped slide show with narration, an officer demonstrates use of various holds and leverage to abort an assailant's attempt to wrest his weapon away. Time: 16 mins.

Effective Report Writing

Designed to give law enforcement personnel ideas on how to make their reports more effective and more concise. Time: 60 mins.

Emergency and Consent Search

Black-and-white film shows police officers how to use the consent search which requires neither a warrant nor probable cause (1974). Roundtable discussion focuses on photo IDs and emergency searches. Time: 18 mins.

Fake ID

From "60 Minutes," program follows an undercover CBS employee as she demonstrates how easy it is to procure numerous pieces of false identification. Time: 16 mins.

Federal Civil Rights Act

Through case studies and lectures, the criminal liability of law enforcement officers under Section 241, Title 18, U.S. Code is presented. Teaches the limits of authority and the rights of suspects under this 100-year-old law.

Time: 37 mins.

Firepower—Staying Up-to-Date and Alive

1986 Law Enforcement Net production with information on the latest in firearms and techniques for law enforcement officers. Time: 30 mins.

Forcible Entry and the Oral Search Warrant, Part I

Part I teaches law enforcement officers the legal principles of “knock and notice” when making a forcible entry. Part II covers proper and improper uses of “excuses and trickery.”

Time: 21 mins.

Forcible Entry and the Oral Search Warrant, Part II

Shows situations where police officers are excused from compliance with statutory knock and notice requirements.

Time: 19 mins.

Fountain Valley Incident

Officer discusses tactics and techniques for apprehending a suspect in hand-to-hand combat. Among points covered are preventing suspect from taking officer's weapon and value of a second weapon.

Time: 17 mins.

Games People Play—Currency and Check Scams

Multimedia program teaches financial institution employees how currency and check scam losses can be reduced.

Time: 26 mins.

Garden Grove Incident

Officer describes tactics and techniques for a night stake out. Includes precautions to take during an active foot chase and survival tactics when wounded.

Time: 20 mins.

Glynco Orientation

WNIN TV Atlanta focuses on Federal Law Enforcement Training Center's (FLETC) history, mission, and methods in the training of numerous U.S. law enforcement and security personnel.

Time: 20 mins.

Handling Firearms

Demonstrates maintenance techniques, handling and usage of numerous sidearms and shoulder weapons. Stresses officer awareness and familiarity with his or her weapon. Also examines involuntary discharge, warning shots, and patrol car weapons safety.

Time: 32 mins.

Handwriting Evidence

This FBI production explains how individuals can be identified through their handwriting and how to gather evidence to be used by handwriting experts in court.

Time: 16 mins.

High Risk Patrol Tactics

Examples of various dangerous patrol situations encountered by law enforcement officers and ways to help handle them correctly. Examples include step-by-step procedures for gaining cover, building entry, sweep search, sniper attack, and barricaded incidents with hostages. Time: 33 mins.

Holstered Gun

Defense techniques to avoid having a suspect take away your sidearm to use against you. Demonstrates reach defenses, gun security, self defense. Time: 30 mins.

How To Catch a Rapist, I and II

Law Enforcement NET program designed to show law enforcement officials techniques that lead to the capture of a rapist. Profiles of rapists, rape investigations, interview with topic experts on rape cases, and victim/police relationships. Time: 54 mins.

Huntington Beach Incident

Officer describes techniques to use during a night shooting incident involving a single officer and two or more suspects. Includes discussion of body armor, communications, and backup support. Time: 19 mins.

Interrogation Techniques

Designed to advise law enforcement officers on the correct techniques to use on a subject to avoid violating his or her rights. Also, effective methods for gaining confessions, clues, and critical testimony in order to solve a case. Time: 30 mins.

Introduction to Handgun Retention

Taped slide show with narration shows step-by-step procedures on how an officer can retain his handgun when an assailant attempts to take it. Shows use of leverage, body movements, and nerve points in aborting assailant's attempts to take an officer's gun. Time: 20 mins.

Law Enforcement Medical/Legal Issues

This 1986 Law Enforcement NET videotape discusses current issues faced by the law enforcement officer including police liability for injury victims, at accident scenes, shootings, and first-on-the scene emergencies, and other life-threatening scenarios. Time: 30 mins.

Legal Limitations on Physical Seizure of Evidence

Designed for law enforcement personnel dealing with proper procedures and limitations on seizure of evidence. Subject discussions include use of force, illegal entry, and case scenarios. Time: 79 mins.

McDonald's Massacre

In depth report on the incident in which a man shot and killed 21 people at a McDonald's restaurant in San Diego, CA. Time: 32 mins.

Misuse of Force

Trains law enforcement officers how to avoid using unnecessary force on a subject while arresting or questioning. Time: 11 mins.

MPG 100 Tear Gas

Demonstrates proper usage, capabilities and characteristics of the multipurpose grenade used by DS. Time: 8 mins.

Negligence in Detention and Arrest

Designed for law enforcement personnel showing how to avoid negligence during arrest and subsequent detention. Time: 13 mins.

New Limits on Arrest and Search

Program clarifies new and sometimes confusing restrictions on search and arrest laws. Examples are shown of residential arrest without a warrant, searching an area with reasonable expectation of privacy, and restrictions on a full body search before incarceration. Time: 28 mins.

New Techniques, Safe and Controlled Vehicle Search

Produced to instruct law enforcement officers about the proper procedures of thoroughly and safely searching a

vehicle for dangerous articles. Time: 27 mins.

Non-Lethal Weapons: Emergency Protection

Shows proper handling and discharge of multipurpose grenades, use of SGA-100 Ferret Barricade Projectile, guidelines for use of riot control agents, first-aid and safety measures, decontamination procedures, and gas masks. Time: 28 mins.

Officer Down, Code 3

Stresses that for every officer shot, at least 1 out of 10 is due to human error. Among factors that cause the fatal error are: lack of knowledge, apathy, taking a bad position, ignoring danger signs, poor physical search, or no search at all, failure to handcuff, and others. Time: 24 mins.

Physical Evidence

Depicts proper methods of identification, preservation and submission of evidence (1970). Time: 20 mins.

Prevention of Custody Deaths

This instructional video tape teaches methods and rules that will prevent the suicide death of a suspect while in custody. Time: 30 mins.

Scope of Search (Chimel and Plain View)

Dramatization of arrest and search procedures properly and legally executed using a warrant. Scenes involve search procedures for weapons and destructible

LAW ENFORCEMENT

evidence, subject and residence, and search for an additional suspect.

Time: 25 mins.

Search Warrant Preparation—

Get the Facts

Officer is faced with the question—

“what is necessary data for supporting a valid warrant (1974)?” Time: 28 mins.

Search, Interrogation, and Detention

California streetside scenarios demonstrating the appropriate uses of pat-down searches, interrogation procedures, and detention situations. Time: 57 mins.

Shoot/Don't Shoot

Depicts hypothetical situations where viewer is forced to make decision to shoot/don't shoot. Develops basic rules that are applied to all shooting situations.

Time: 22 mins.

Shotgun or Sidearm

Explains the capabilities and limitations of the shotgun, spray and ricochet patterns of pellets, tactical areas of use, and psychological effects.

Time: 12 mins.

Sight Picture/Sight Alignment

Los Angeles County Police Dept. film on police officer survival.

Time: 20 mins.

Supervisory Liability

Discusses the roles and responsibilities of police supervisors. Examines the legal liability of police supervisors.

Time: 20 mins.

Surveillance, Parts I and II

How to use different methods in surveillance patrol (1974).

Time: 50 mins.

Survival Shooting Techniques

Survival shooting techniques, planning, seeking cover, and target acquisition. Shows hypothetical situations including field interrogations, silent alarm approaches, car stops, and entering a dwelling. Time: 55 mins.

Taking Control of Angry and Combative People

Describes for law enforcement officials techniques for controlling combative subjects without using violence.

Time: 60 mins.

Use of Handcuffs

Highlights standard operating procedures used by many law enforcement agencies when searching and handcuffing prisoners. Four basic search-and-cuff positions are shown along with cautions. Time: 8 mins.

Winchester-Western Q 4070

California Highway Patrol tests of the Winchester Western Q 4070 (.38 Special). Time: 30 mins.

Personal Security

Are You A-OK?

This DS film, starring Chevy Chase, teaches basic safety and security measures for children Kindergarten through grade 6 at home, in the street, and at school. Time: 19 mins.

Coping With Violence Abroad

A 1984 personnel and family seminar on security abroad, recorded at DS Training Center. Program encompasses criminal and terrorist threats to embassy staff on a personal and professional basis. Time: 32 mins.

Crime Prevention Test

Tests viewer's knowledge of crime prevention—what to do in specific situations such as burglary, car theft, personal assault, and rape. Experts offer advice on how to survive crime and violence. Time: 61 mins.

Don't Touch

A safety presentation for children warning them against the dangers of blasting caps and other explosives. Time: 7 mins.

How to Say No to a Rapist and Survive

Frederic Storaska has worked to understand the prevention of rape and assault and discusses his efforts to bring openness to the subject. He demonstrates how women can avoid being raped and describes ways to keep from being assaulted (1975). Time: 52 mins.

Invitation to Burglary

Shows how lack of home security can be an invitation to a potential burglar and how to avoid it. How to take preventive action to reduce the possibility of becoming a victim. Time: 20 mins.

People Like You

Foreign Service officer Dr. J. Hamilton recounts 4 years of terrorism in San Salvador from a personal perspective. Graphic violence. Time: 3 mins.

Personal Fraud; Crime, It's a Matter of Time

Includes bunco schemes, home phone repair racket, mail theft, and crimes against women. How to protect your home and family. Time: 30 mins.

Rape—A Preventative Inquiry

Designed for law enforcement officials and others; steps to take to avoid becoming the target of a rapist. Interviews of rape victims and assailants. Recommendations on how to avoid becoming a victim. Time: 18 mins.

Rape: Escape Without Violence

Premise is that rape may be prevented by having a realistic awareness. Safety precautions for the home and car are mentioned along with possible psychological defense. Forethought is the key. Time: 30 mins.

Street Crime Prevention

Gives an overview of criminal activities overseas, profiles of common street criminals and probable victims, personal safety ground rules, minimum safety precautions when walking, using public transportation, or driving. Time: 45 mins.

Tips for Travelers

Interview with TWA hijack victim focuses on preparations and precautions for air travelers. Also discusses how to behave during a hijacking. Time: 18 mins.

Travel Precautions

Lecture by DS Special Agent. How to take travel precautions for your safety. Methods you can use against criminal and terrorist actions. Time: 29 mins.

Traveler Be Aware—1980s

Awareness tips for military, government and contractors traveling overseas on government business. Segments include personal safety precautions at airports, public transportation facilities, and vehicles. Describes types of information not to give out while on the road. Time: 21 mins.

Walk Without Fear

Gives pointers on self-protection; how to deny criminals an opportunity while walking, in a car, or at home. Offers several basic self-defense techniques. Time: 21 mins.

When You're Alone

Basic information on home and personal safety. Gives tips on securing doors and windows, carrying proper identification, walking or driving safely, self-defense, handling nuisance phone calls, and rape prevention. Time: 14 mins.

Physical Security

Alarms: A Network of Protection

Presents basic alarm systems used for security programs; their basic components, capabilities and limitations, practical applications, procedures for guard response, and common mistakes made when working with alarm monitoring equipment. Time: 24 mins.

Armor When All Else Fails

Weapons are test-fired against bullet- and bomb-resistant material. Materials tested include glass, safety film, lexon and 3/16" aluminum alloy. Kevlar, body armor, bomb blankets, and improvised armor shields also are demonstrated. Time: 24 mins.

Closed Circuit Television (CCTV) I

Describes the use of closed circuit television in the protection of embassies and other buildings. Discusses surveillance techniques; CCTV system components and their functions including camera, transmitter, and monitor. Time: 25 mins.

Closed Circuit Television (CCTV) II

Follow-up to CCTV I, explains video security functions used to minimize the threat of intrusion. This tape addresses installation, operation, and maintenance of equipment. Time: 25 mins.
Classification: LOU

Embassy

CBS News examines the strengths and weaknesses of an Ambassador and his embassy (i.e., Bangkok). Time: 55 mins.

Embassy Security—1984

Clip from ABC's "20-20" TV program reviews security of an embassy. Time: 17 mins.

Foreign Policy Briefing—1980

Security protection procedures designed for national police protecting U.S. embassies, including discussions of Mylar and aqueous foam. Also, a discussion of international terrorist tactics and methods for improved response to attack. Time: 30 mins.

PHYSICAL SECURITY

Handheld Metal Detectors— Screening of Mail

Discusses terrorist groups use of letter and package bombs, procedures for using handheld metal detectors, using metal detectors to screen mail, warning signs of lethal contents in letters, handling IEDs, security checks, and "lockouts." Time: 23 mins.

High Expansion Aqueous Foam Security System

Demonstration of high expansion aqueous foam for fire fighting and controlling a physical breach in a Foreign Service post. Installation, maintenance, and cleanup after use are also discussed. Time: 12 mins.

IACP Crash

Vehicle barrier tests. Raw footage. Time: 25 mins.

Norshield Industries

Produced by Norshield, Inc., this video tape shows tests performed on ballistic doors and windows with sledgehammers, chisels, bullets and battering rams to determine how safe and secure a Foreign Service post can be using this material. Time: 25 mins.

Physical Security (John Wolf Series)

This series of 19 tapes includes: practical applications of public access controls, minimum standards for perimeter

gates and fencing, use of access controls to channel traffic, post-issued ID cards, control booths, proposals for public access controls, and purpose of controls.

Time: 800 mins.

Classification: LOU

Vehicle Barrier Crash Tests

Demonstrates crash testing of three different types of vehicle barriers (no audio). Time: 10 mins.

Walk-Through Metal Detectors

Tape shows basic components and operating principles of walk-through and handheld metal detectors, procedures for screening visitors and handcarried items, background on IEDs, steps to follow when an suspicious item is identified, and role of detector in overall access control system. Time: 21 mins.

Window Protection

Illustrates preliminary evaluation of measure to reduce injury from flying glass in the event of a bomb explosion. Time: 5 mins.

X-rays: Safe Use of X-rays in Security

Gives properties and dangers of X-radiation, step-by-step operating procedures for cabinet-style and portable X-ray units, mandatory medical clearances and certification, identifying and reporting faulty equipment, acceptable dosage limits and safety precautions. Time: 35 mins.

Protective Security

Dignitary Protection

Produced by DS in 1987, this video tape offers a closer look at special agents in training for protective security assignments. The production focuses on tactical formations designed to thwart an assailant's attack, protect the principal, and move quickly to safety.

Time: 6 mins.

Offensive Driving

Illustrates how offensive driving can help you avoid or foil any kidnapping attempt against you while driving.

Time: 25 mins.

OSI Driving Techniques

Actual footage videotaped at Summit Point, WV, of car ramming and evasive turns photographed from both inside and outside a variety of vehicles. Raw footage. Time: 6 mins.

Prince Charles' Visit

Visit to Washington, DC, and vicinity. Parts I and II. Time: 86 mins.

RPS/LAWS Rocket Test

Demonstrates the need for fully armored vehicles when there is a threat of terrorist rocket attack. In tests recorded here, rockets are fired from the Soviet RPG-7 and the U.S. M72 LAW rocket launchers at vehicles on a firing range. Time 8 mins.

Vehicle Ambush Counterattack

How to drive while under terrorist attack. Shows how to use your vehicle as a weapon at roadblocks and barricades or when terrorists attack from another vehicle. Demonstrates finer points of car ramming. Time: 16 mins.

Residential Security

Crime: It's a Matter of Time; Commercial

Illustrates how many criminal opportunities business people provide burglars every day. Time: 12 mins.

Crime: It's a Matter of Time; Residential

Illustrates ways a burglar can enter home, points out poor security resulting in criminal opportunities (windows, doors, locks), and shows how to reduce these opportunities inexpensively. Time: 11 mins.

Home and Property Protection

Discusses crimes that occur in a residential neighborhood and crime prevention methods. Time: 34 mins.

Home Security Survey

Covers many ways you can make your home in the U.S. or abroad more secure, including tips on locks and lighting. Time: 25 mins.

Neighborhood Watch

Narrated by Raymond Burr, he discusses forms of residential security hardware, alarms, and other crime prevention programs related to residential settings. Time: 19 mins.

Residential Security for Homes and Apartments

Includes guidelines on how to select a secure residence, security considerations for single family homes and apartments, doors, windows, and locking systems, maximum security modifications, safehavens, and residential safety drills. Time: 28 mins.

Safeguards for Living Areas

Assesses security needs of an overseas residence, host country factors, alarm systems, interior and exterior standards, function of local guard force, safehavens, and concerns and needs of residents. Time: 22 mins.

Terrorism

A Lesson in Terrorism

Depicts terrorist attacks against Americans in foreign countries and what military personnel and their dependents should be aware of to help counter activities of terrorists (1979).

Time: 39 mins.

Anatomy of Terrorism:

Executive Decision

Covers past kidnappings and all aspects of office, residential, and vehicle security. Also available in Spanish.

Time: 29 mins.

Anatomy of Terrorism:

Personal and Family Security

Instructs how to become a difficult target, drawing awareness to surveillance, visibility, and predictability. Also available in Spanish.

Time: 28 mins.

Another Terrorism Attempt Aborted

Interdiction of Libyan terrorist attempt to assassinate Libyan opposition leaders in Egypt. Apparently taken from Egyptian TV coverage, video shows Egyptian State Security actions to thwart the Libyan plot. Includes coverage of

terrorist armament, vehicles, arrival at the scene, and their arrest. Includes untranslated Arab language discussion of the event. Time: 30 mins.

Beirut Bombing of the American Embassy

Bombing of American Embassy, Beirut, April 1983. Raw footage.

Time: 20 mins.

BKA on Terrorists

Discusses how to recognize terrorism and terrorist activities. Focuses on West German terrorist organizations.

Time: 45 mins.

By Any Means

KCET-TV (Los Angeles) documentary on terrorism in the 1980s. Has an historical perspective and discusses the philosophies of terrorists.

Time: 59 mins.

Crisis Work, Crisis Worker

Clinical social worker and Assistant Dean of Georgetown School of Foreign Service familiarize viewer with typical emotional and physical reactions to a crisis during the impact, recovery, and aftermath phases. Crisis veterans

TERRORISM

participate. Supplementary written material. Time: 60 mins.

Final Option

Theatrical movie in three parts about British undercover agent operation and terrorist takeover of embassy. Time: 150 mins.

Have I Helped a Terrorist?

Evaluation of terrorist planning procedures. How victim's lifestyles and available information affect terrorist actions. Also discusses terrorist intentions and methods to protect yourself. Time: 36 mins.

In the Face of Terrorism

Using a hypothetical airliner hijacking as a case study, prominent journalists and former government officials take part in a seminar directed by a Harvard law professor. The video provides considerable insight as to how the media and the government might react in such a situation. Taken from public television. Time: 55 mins.

International Terrorism—the Giant Killer

David G. Hubbard, expert on international terrorism, focuses on problems of dealing with terrorism and discusses some effective means to fight back. Time: 40 mins.

Iranian Riots in the U.S.

Footage of Iranians rioting in Beverly Hills, CA, in 1979, provided by Beverly Hills Police Dept. Raw footage. Time: 5 mins.

Living with the Threat of Terrorism

Explores ways to cope with the terrorist threat. Introduction by former Secretary of State Shultz. Time: 29 mins.

Managing Children During a Crisis

USIA film followup to "Living With the Threat of Terrorism." Time: 17 mins.

Patterns in International Terrorism

Produced in June 1982 by State Department's Office for Combatting Terrorism, film seeks to define terrorism through interviews with terrorists regarding their objectives and viewpoints. Includes footage of some highly publicized terrorist attacks. Time: 20 mins.

Politics of Violence: A Decade of Terror

Discusses major terrorist incidents that occurred around the world in the last decade. (Not available for loan outside Washington, DC.) Time: 26 mins.

Range Demonstration of Terrorist Weapons

From DIA, assorted terrorist weapons are demonstrated. Time: 64 mins.

San Salvador Report

PBS "McNeil-Lehrer Report" on El Salvador civil war. Documentary program discusses the military, political, and social issues of the struggle. Time: 28 mins.

Terror International

Report from CBS' "60 Minutes" on international alliance of terrorism. Time: 60 mins.

Terror, To Confront or Concede

BBC TV production featuring interviews with Uruguayan terrorists and members of the Quebec Liberation Front discussing political ambitions and terrorists' tactics. Interviews with British diplomats who have been kidnapped by terrorists. Time: 49 mins.

Terrorism Update, 1984

Seven-part film presented by Los Angeles Police Dept. on terrorist activities in the U.S. Highlights include analysis of contemporary terrorist group's operations in the U.S. and protection during the Olympics. Time: 60 mins.

Terrorism—CNN Report

CNN report on international terrorism indicates latest strategies to combat terrorism. Time: 3 mins.

Terrorism: A New Threat

USIA production focuses on scope of international terrorism and how it affects American personnel overseas. Presents an analysis of terrorism, physical security measures, vehicle security, role of RSO, interviews with U.S. employees held hostage, and recommendations on hostage behavior. Time: 36 mins.

Terrorism: A Real Threat/A Personal Threat

A three-part U.S. Air Force film dramatizing actual terrorist incidents against U.S. military personnel and showing measures they could have taken to avoid becoming targets. Time: 60 mins.

Window on the World—Time of the Jackals

International terrorism. Produced in 1976, documentary studies specific terrorist incidents and the men behind the masks. Time: 55 mins.

Your Money or Your Life

Corporate terrorism is discussed with how to minimize risks including armored vehicles, evasive driving, keeping a low profile, and travel patterns. Time: 18 mins.
